
LochMaster 3.0 Full Version [VERIFIED]

LochMaster 3.0 is a developer's tool for stripboard projects. It has useful features for designing, documenting, and testing the board. LochMaster 3.0 is a developer tool for strip plank projects. It has useful features for designing, documenting, and testing the board. The program has several built-in component libraries and provides ample opportunities for collaboration on the board. The user can create and save several typical strip boards in his project, and then export them as LTCB (LochMaster Through The Brick) files.
