What's New In?

Wallpapers are sized at 1920×1200 pixels If you can see the border of the images, try adjusting your screen resolution or image viewing software's resolution settings. Make Your Own Open the Dishonored_Logo_psd_template.psd file in Photoshop, and then change your photo's resolution to the same as the ones in the theme. Creating a Theme with a Custom Background To apply a custom background image to the theme, open the "background.png" file that comes with the theme. In

addition to changing the image's resolution, you can edit the image's transparency setting. **Creating a Theme with a Custom Text Background** Use the same background.png file and "text_bg.png" file as you did in the previous step. Edit the text_bg.png file to make the desired text color, and then edit the "text_main.png" file. **Creating a Theme with a Custom Foreground Text** Use the same "text_bg.png" and "text_main.png" files as you did in the previous step. Make the desired text color, and then edit the "text_main.png" file. **NOTE:** If you are making a wallpaper with a custom text background and you can see the border of the image, you must adjust your image viewing software's resolution settings. **Creating a Theme with a Custom Game Title Text** Use the same "text_bg.png" and "text_main.png" files as you did in the previous step. Use the "text_main.png" to make the desired text color, and then edit the "text_title.png" file. **Creating a Theme with a Custom Game Title Font** Make the desired font color and then edit the "font.ttf" file to make the desired font color. **Creating a Theme with a Custom Time Text** Create the desired text color and then edit the "time_main.png" file. **Creating a Theme with a Custom Game Title Number** Use the same "text_bg.png" file and the "text_main.png" file as you did in the previous step. Make the desired text color and then edit the "text_main.png" file. **Creating a Theme with a Custom World Text** Use the same "text_bg.png" file and the "text_main.png" file as you did in the previous step. Make the desired text color and then edit the "text_main.png" file. **Creating a Theme with a Custom World Text with an Icon** Use the same

"text_bg.png" file and the "text_main.png" file as you did in the previous step. Make the desired text color, and then edit the "text_main.png" file. In addition,
