With Windows XP, Vista and 7,. (2) Download and install ImgBurn.exe (from.Q: How to select a single random value from a specific item in a list? I want to select one random value from a list of values and then insert it into another list of the same size. a = [1, 2, 3, 4, 5] b = [a[i] for i in random.choice(range(len(a)))] So the desired output is 2 or 4. A: You can use random.choice(list(a)) instead of range(len(a)). Example >>> a = [1, 2, 3, 4, 5] >>> b = [a[i] for i in random.choice(list(a))] >>> b [5, 3, 1, 4, 2] Also you can use list comprehension on the input list >>> [a[i] for i in random.choice(list(a))] [5, 3, 1, 4, 2] random.choice(list(a)) Returns a list of length r length containing the r

How to Create a Bootable Windows XP USB Drive. By Joan Champagne. Creating a bootable USB drive to install Windows 10.MOTORISTS on the A5 might soon be charged in the Netherlands. Motorists will have to pay tolls to drive in the country and £30m is being invested on technology to increase traffic flow and use existing roads more efficiently. But some in the Dutch have warned there are not enough drivers to make the payment and the process could cause big problems. The Dutch way to pay for road tolls The country has just one toll road, the E19 between Rotterdam and Den Helder, and it's a piece of cake, with the estimated 50,000 motorists who pass through it paying on average £1.50 to £2.50. However, other Dutch have said the times are changing because the country has so many motorways and that a second road may be built to link the two coasts. The country of 17.1 million has six major motorways and 76 toll roads and it has become one of the most expensive EU countries for motorists due to the high costs of maintaining and upgrading the roads. Amsterdam's canal ring has just two motorways, but it's a different story on the other side of the country. The country has a whopping 100 motorways and 1,600 toll roads and the state must spend more than £20m a year just to maintain them. In the last financial year, the government spent £2.7 billion on infrastructure. It's got us worried so we've been doing some research on the best toll road systems for the UK and have come up with some interesting facts. There are currently four toll roads in the UK There are currently four toll roads in the UK. Since June 2017, drivers of the 158mph A66 between Glasgow and Inverness have been paying €3 to cross the Lugnaquilla Bridge in Fife for just 20 minutes of driving time. The six-lane, 15 mile stretch of road stretches from the M90 in Glasgow to the A9 at Inverness and was opened in June by an official opening ceremony attended by Royal Assent. The Government decided to build the road in order to speed up traffic to and from the oil sands in the north of Scotland. It's also a gateway
