Teh0D-stack needs to be upgraded to fix the vulnerability. It's a time traveling story. I really love this game. It has the best combat system. I can use my character skills to protect myself and help my team win the battle. Graphic and Music is best. 9.30 (2013-02-27 08:33:28 UTC) 3.88/5.0 (9440 Total) I like the "punch in the face" system in this game. It make fighting a lot more real. I can punch a big boss on the head when he is about to attack, for example. Story is simple but there is enough to do after completing a quest. 9.33 (2013-02-26 08:40:34 UTC) 3.88/5.0 (9448 Total) Can you imagine playing these games, but have to listen to music? If you open a game, you can't hear the music while you're playing. You can't use a mute option, and the game will continue to play the music even if you don't play the game. This game is really useful and enjoyable, however it is impossible to control the sound volume while playing the game. Hi dear, I'd like to suggest this game to you because I've played it on my smartphone. It's really interesting. It has a lot of characters, beautiful graphics, and many things to do. Here are some features: - Characters: There is quite a large variety of characters, although I've tried most of them. I had to delete
